Telerik Software Academy 2015 / 2016 – CSS Styling Exam

Exam terms – Read carefully!

During the exam you **are allowed** to use any teaching materials, lectures, books, existing source code, and other paper or Internet resources.

Direct or indirect communication with anyone in the class or outside the room is absolutely **forbidden**.

You must submit your CSS files in http://bgcoder.com/. Do not forget to start the Anti-Cheat client.

Only your **last** code submission will be evaluated. You have exactly **2 hours** to solve all given problems.

Your solution will be tested only with the latest version of **Chrome**.

The expected result is given in the following files:

- **1. Initial.png**
- **2. ironman-hover.png**
- **3. the-hulk-hover.png**
- **4. thor-pretty-hair-hover.png**

Task 1

- Default font-size: 1**6px**
- font-family: **"Times New Roman"**
- color: **#000000**
- **All pixel sizes (except fonts and borders) are divisible by 5px.**
